

# Macadamia Butter

## Macadamia Ternifolia

**INCI : Macadamia ternifolia seed Oil (and) Butyrospermum parkii Butter(and) Oryza Sativa Bran Wax (and) Stearic Acid (and) Palmitic Acid (and) Olive Oil Polyglyceryl-3 Ester**

Our MACADAMIA BUTTER is made from Macadamia Nut Oil using our innovative process, fully preserving the properties of the oil - fatty fraction as well as its unsaponifiable fraction. Our process does not include any hydrogenation step.

In formulations, MACADAMIA BUTTER helps in:

- improving the spreading and moisturizing effects in finished products
- building up body and structure in a formulation, stabilizing emulsions and adjusting viscosity.

### Technical Information

	Characteristics	Method
Appearance (20°C)	Soft, off-white to ivory solid	Visual
Odor	Low, typical	Olfactory

### Properties and Cosmetic Applications

MACADAMIA BUTTER provides excellent emolliency and dermal protection. It is a light, dry butter with a nice skin feeling. Macadamia Butter can play a positive role in many cosmetic formulations. It spreads easily on the skin and has excellent penetrating and moisturizing characteristics which help repairing and softening dry skins.

MACADAMIA BUTTER is recommended for :

- skin care : creams, milks... 1-5%
- lipsticks, lipbalms, color cosmetic 30-60%
- sun care / after sun care creams, milks 3-6%
- hair care creams, conditioners 10-30%
- body butters, massage butters etc... 60-100%
