

Jojoba Seed Oil

Refined

INCI: Simmondsia Chinensis seed oil

CAS: 61789-91-1

Our JOJOBA OIL is extracted from the beans of Simmondsia Chinensis. From its bean, a golden, odourless, nonallergic wax is produced that is known as Jojoba oil. It is then refined to offer a clear and odorless oil. Jojoba oil is very similar in composition to the human natural skin oils, therefore it is an excellent moisturizer and it is ideal for all skin types. Jojoba oil helps to heal irritated skin conditions such as psoriasis or any form of dermatitis and helps control acne and oily scalps. It contains myristic acid which has anti-inflammatory actions. Since it is very similar to the skin's own oils, it is quickly absorbed, which makes it ideal for elegant cosmetic formulations.

Technical Information

	Characteristics		Characteristics
Appearance (20°C)	Transparent clear oil	Peroxyde Index (meq O ₂ /kg)	Max 2
Odour	Very light odor (faint characteristic)	Acid Index	Max 1.0

Average Fatty Acid Composition (%)

Palmitic Acid C16:0	Max 4
Oleic Acid C18:1	5-25
Linoleic Acid C18:2	Max 5
Eicosanic Acid C20:1	40-80
Erucic Acid C22:1	10-25

Properties and Cosmetic Applications

JOJOBA OIL is recommended for :

- skin care : creams, milks.... 1-5%
- lipsticks, lipbalms, color cosmetic 5-30%
- sun care / after sun care creams, milks 3-6%
- hair care creams, conditioners 5-20%
- body oils, massage oils etc... 60-100%

Packaging and Storage

Packaging: 180kg

Storage: Store in cool conditions (below 25°C) away from light and humidity in unopened containers.

Shelf Life: 24 months in original unopened packaging.

Safety: Refer to MSDS. Not considered hazardous.
